

Securityhunter, Inc. Hires New Engineering Manager

Baltimore, MD October 1, 2019

Securityhunter, Inc., located in Baltimore, Maryland, hires Charles Miller as new Engineering Manager

As part of restructuring the company, Securityhunter has hired Charles Miller as the new Engineering Manager. Miller comes with a US Navy background where he worked on Sikorsky SH-3 and SH-60 Avionic Systems. He has twenty years of low voltage experience in Electronic Security and Fire Life Safety, and fifteen years of Operational/Project management experience. After twenty-seven years on the West Coast, Miller returned to the East Coast to be closer to family.

As a direct result of hiring Charles, Founder and Chairman of the Board, Michael S. Rogers, is expecting an even more cohesive Engineering team. He stated, “Charles will be instrumental in not only helping us with our engineering efforts for our integration projects, but Securityhunter is investing about \$500,000.00 in security innovations and we believe Charles will play a critical role in our new product introductions in 2020”. Executive Director Ross Nelson, agrees and says, “Charles is fitting in nicely here at Securityhunter. He has some great ideas that we’ll be implementing in the coming months”.

When asked about the new position, Miller states, “I am extremely excited to be joining such a dynamic team and looking forward to contributing to the continued success of Securityhunter”.

Miller enjoys surfing, music, and playing the saxophone.

Welcome Charles Miller.

About Securityhunter, Inc.:

Founded in 1988, Securityhunter targets security solutions which support a wide range of government security initiatives. Securityhunter manufactures, designs, installs and maintains electronic and information security countermeasure systems for government facilities. Securityhunter offers professional security support services, and assists U.S. federal, state and local agencies with assessments and management of security tasks for mission critical CONUS and OCONUS operations.
