

## Securityhunter, Inc. Introduces Protégé Probitas Technology

Baltimore, MD July 18, 2017

### **Securityhunter, Inc., located in Baltimore, Maryland, becomes the mentor for Probitas Technology, located in Harrisburg, Pennsylvania, under the SBA Mentor/Protégé Program**

With almost 30 years of experience, Securityhunter, Inc., a nationally ranked provider of electronic and logical security to the federal government, and the nation's 13<sup>th</sup> largest security integrator, according to SDM rankings (2016), has decided to mentor a dynamic 8(a) company, Probitas Technology, to facilitate their growth and help them to succeed as we have done.

Probitas Technology, Inc. is a certified 8(a) disadvantaged minority business that was founded in 2004. The company has two divisions: Professional Services and Staffing Augmentation. The professional services division offers a multitude of solutions to its customers in the area of Program Management, Information Technology and Electronic Security. Mr. Benjamin Williams, President of Probitas Technology, says of the mentor protégé relationship, “Mike, Dan and their entire staff, have already proved to be significant mentors to us even before the agreement was finalized. We are excited to form a team with an organization so similar in mission and focus that we believe the sky is the limit in our ability to provide exceptional integrated solutions to the federal government and all of our clients”.

CEO of Securityhunter, Michael S. Rogers says that, “we have conducted a thorough search of 8a security companies to mentor and Probitas is the clear winner. Ben Williams, the President of Probitas Technology, is a pleasure to work with and we see wonderful success for his company”.

Securityhunter president, Daniel Prochnow says, “I have worked with Ben Williams and Probitas Technology for the last few years and have been thoroughly impressed with their vision, leadership, passion, and skills. Under our mentorship, especially with business practices in the federal government market, I am confident that Probitas Technology will prosper.”

We believe the Securityhunter/Probitas Team will be able to provide exceptional technical and management expertise and provide a best value solution for the federal government.

About Securityhunter, Inc.:

Founded in 1988, Securityhunter targets security solutions which support a wide range of government security initiatives. Securityhunter manufactures, designs, installs and maintains electronic and information security countermeasure systems for government facilities. Securityhunter offers professional security support services, and assists U.S. federal, state and local agencies with assessments and management of security tasks for mission critical CONUS and OCONUS operations.
