

Securityhunter, Inc. Selects Employees of the Year

Baltimore, MD January 11, 2017

Securityhunter, Inc., selects Patricia Feurer and Benjamin Globus as Employees of the Year

During the first annual Securityhunter Company Retreat and Team Building weekend held in Ocean City, Maryland, two employees, Patricia “Patty” Feurer and Benjamin “Ben” Globus, were chosen as Employees of the Year.

Both Patty and Ben were chosen because over the past year, they have gone above and beyond the call of duty in their roles as Program Management Support Specialist and IT/Network Specialist, respectively.

Both winners received a financial award, which was presented during the awards banquet held on Friday night of the retreat. Additionally, Patty and Ben will have reserved parking spaces directly in front of the building entrance for an entire year!

CTO, Alex Elbert, who supervises Ben says, “Ben is a very dedicated person with a lot of knowledge. He always puts the company first and makes great effort to complete projects in the best possible way.”

Brian Vanderhoof, Director of Program Management, is Patty’s supervisor and says, “Patty is one of the most dedicated employees with whom I have ever worked. She is extremely conscientious and constantly anticipates the expectations of her management. The SSA PS5 Program is most fortunate to have her on the team”.

Securityhunter is pleased to recognize Patricia “Patty” Feurer and Benjamin “Ben” Globus as our 2016 – 2017 Employees of the Year. Congratulations!

About Securityhunter, Inc.:

Founded in 1988, Securityhunter targets security solutions which support a wide range of government security initiatives. Securityhunter manufactures, designs, installs and maintains electronic and information security countermeasure systems for government facilities. Securityhunter offers professional security support services, and assists U.S. federal, state and local agencies with assessments and management of security tasks for mission critical CONUS and OCONUS operations.
